## NEWS FROM THE BOARD CHAIRPERSON

Hi Everyone and welcome to another edition of the Pelican Brief.

Crikey, do you believe it, we are only just a few weeks from Christmas and the New Year. Every year just seems to go faster and faster. But what a great year it has been for the club. We've grown membership yet again, we did amazing in bowls, with the Ladies winning the Gamma Division in the Great 8s earlier in the year and the Men having just won the Division 8 Pennant.

We replaced the carpet on Green #1 which now rolls great, we just need for the ditch side of rink 1 to settle down a bit, and we are well placed to replace the carpet on Green #2 in 2023. As well as these items, there have been so many other great happenings in the club this year.

By the time most of you will be reading this, the LBA and MBA will both have had their AGMs with some new faces on the committees along with some continuing faces. Well done to both Bowling Arms this year and good luck to the new committees for 2023.

One important group of members that I'd like to recognise in this month's report are the coaches. What a great job they do, from the regular Monday morning coaching sessions, to the individual sessions with both new bowlers and also experienced bowlers, and the significant work they did to help some of our members with their actions in readiness for the new carpet. The work of the coaches is no doubt one of the key reasons why the quality of the bowls at our club has increased and why we are a force in the Great 8s, Pennants, and other bowls competitions that are held around the place and at our own club. Well done and thanks to all the Coaches.

Good Bowling Everyone,

Tony

## The Laws and You

### "Law" Questions

- Q 1. During a game, players realise that a boundary peg is in the wrong position? What must happen?
- Q 2. In a triples game, team A's second has delivered their bowl but before it comes to rest, team B's second, delivers their bowl. Team A's skip objects to this and calls the umpire. What must happen?
- Q 3. A bowl finishes near the boundary line of the rink. Both Skips look at the bowl and allow play to continue. When the players change ends the thirds agree that the bowl is out of bounds. What should happen?
- Q 4. The skip of team A drove at the head and displaced a number of bowls. Two team B members at the head, were unable to move quickly enough and some of the bowls in motion were displaced by their feet and caused further displacement of the head. What action must be taken?
- Q 5. During a singles game, a delivered bowl from the neighbouring rink comes towards the head. The marker lifts a stationary bowl at the head so that the bowl from the neighbouring rink can pass through to its own rink. Is the marker's action correct?

## "You" Answers

**A 1.** If a player or the Umpire finds a boundary peg in the wrong position, the peg cannot be moved until the end is completed on the rinks effected.

The peg must be put in the correct position by the Umpire or by agreement of the skips or opponents in singles. (Law Book page 70).

**A 2.** For the first time this happens, the umpire must warn the player with the skip present. On each occasion after that, the umpire must declare the player's bowl dead. If the bowl has disturbed the head, the opposing skip must choose whether to: replace the head; or leave the head as altered; or declare the end dead. (Law Book page 27).

**A 3.** The thirds must refer the matter to the Skips. By looking at the bowl and allowing the game to continue the skips, being in charge of the teams, have indicated that they agree to the bowl being in play. The Skips will agree whether or not a bowl is dead. No member will remove any bowl prior to the agreement of the Skips. Once their attention is drawn to the matter, the Skips must make a decision. If they cannot reach agreement they must ask the umpire to make a decision. (Law Book pages 33 and 59).

**A 4.** Skip A must choose whether to: place the bowls where skip A believes they would have come to rest and replace any part of the head disturbed after the displacement; or declare the end dead. (Law Book page 48).

**A 5.** No. The marker must stop any bowl that is from a neighbouring rink that could move a bowl or the jack that is at rest at the head. (Law Book page 64).

There were popular wins on Sunday 20th November in both the Men's B Grade Pairs and the Men's Triples.

Steve Claridge, Neil Clowes and John Wolff won the Triples from Stan Rogers and team.

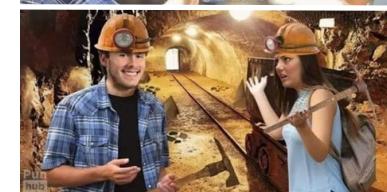

And in the B Grade pairs Steve Ward and Rob Andrews won over I Heiner and C Hancock.

Great to see some very competitive bowls played to an enthusiastic crowd.

What talent we have on hand at our great Club!!
